WHAT IS BLOCKCHAIN REAL ESTATE

Blockchain real estate investing is a relatively new way of investing in real estate using blockchain technology. Blockchain is a decentralized digital ledger that allows for secure, transparent, and tamper-proof transactions. When applied to real estate investing, it can provide several benefits

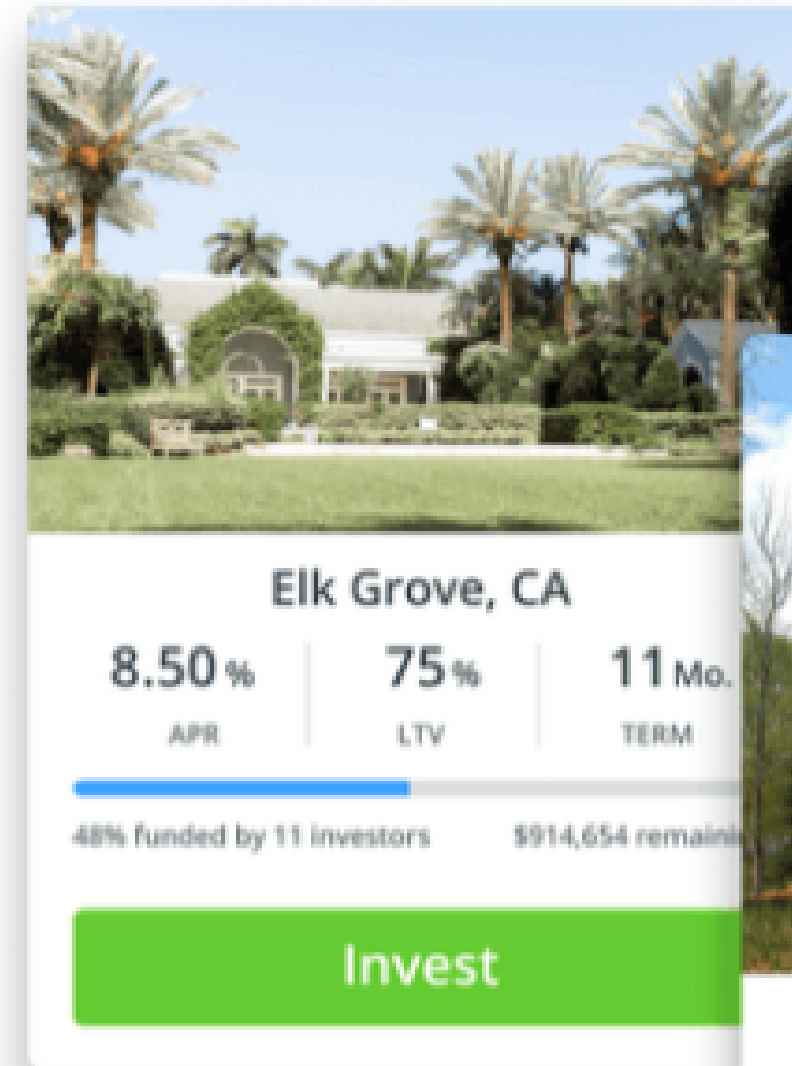

Fractional Ownership: Blockchain technology can enable fractional ownership of real estate properties, which means that investors can buy and sell small portions of a property. This can make real estate investing more accessible to a wider range of investors.

Build Financial freedom for the long term..

We simplify commercial real estate investing, giving Members access to commercial real estate opportunities with the potential to generate income with dozens of data points to maximise transparency and allowing you to make the investments that are right for your goals.

Real estate can provide a strong hedge against inflation as property values and rental income are key components that drive inflation across the economy.

- Numerous product and services offerings
- Invest in real estate online
- Fixed Hedge against economic downturns and stock market volatility
- All on one powerful technology platform.

OUR SERVICES

CRYPTO TRADING

Invest in 'Crypto' with us and enjoy the benefits of trading on leading-edge platform and technologies.

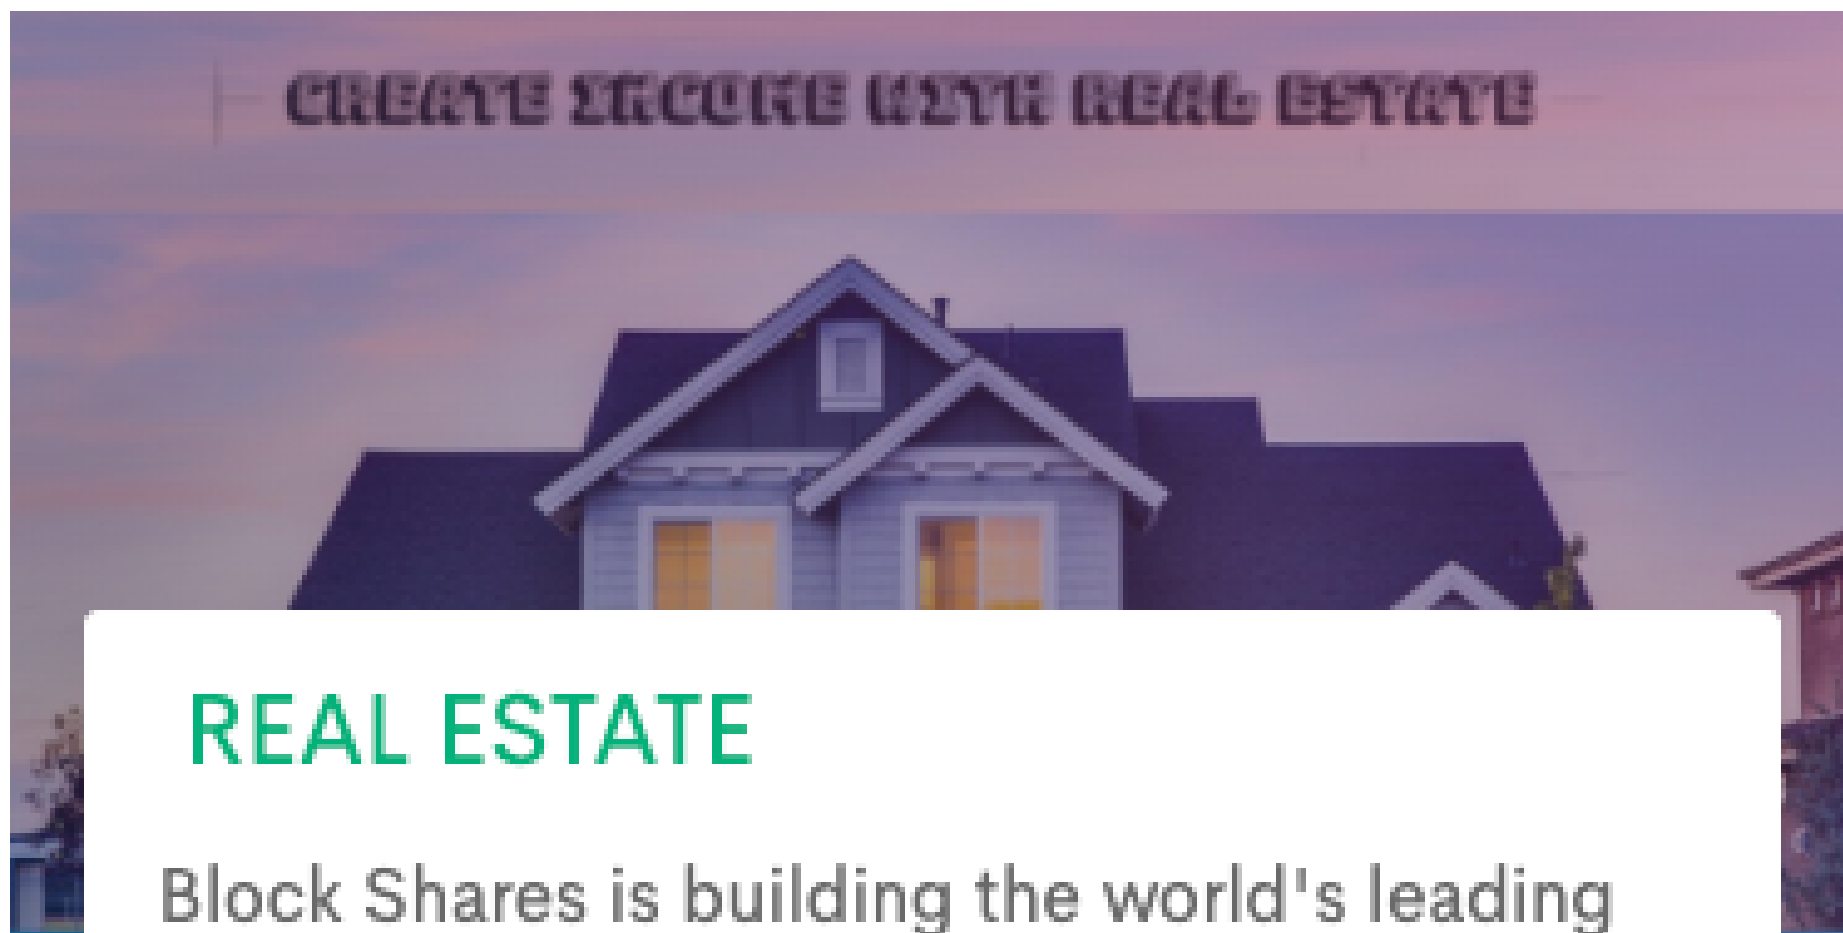

CRYPTO MINING

With a 2,000-square-foot warehouse in Singapore and a secondary facility in Hong Kong, Block Shares limited is equipped to handle large crypto mining operations.

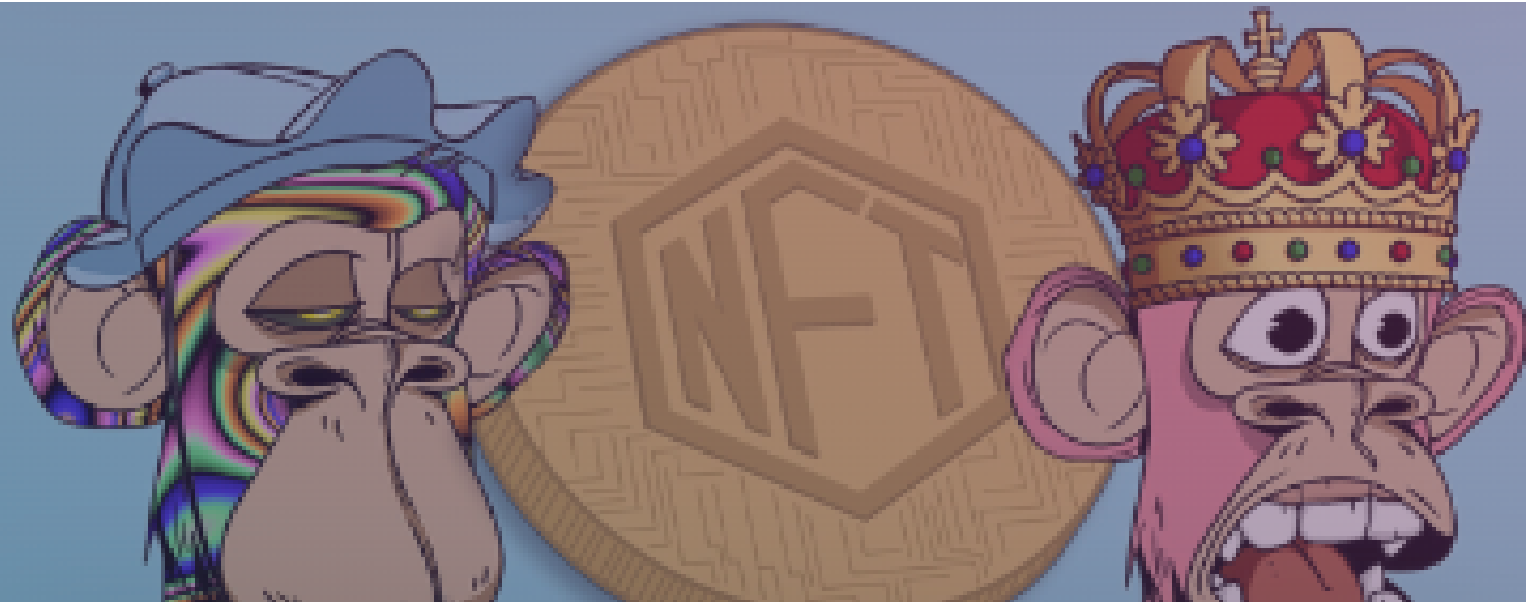

GOLD TRADING

Gold Trading is a lucrative option for many Investment firms as it provides the perfect balance between low-risk and high returns trade.

REAL ESTATE

Block Shares is building the world's leading real estate investment marketplace. Our mission is to make investment in real estate radically accessible, cost-effective, and simple.

NFTS TRADING

We operate NFT marketplace digital platforms for buying and selling NFTs. These platforms allow people to store and display their NFTs plus sell them to others for cryptocurrency or money. Some NFT marketplaces also allow users to mint their NFTs on the platform itself.

FOREX & STOCK

Forex is the world's most liquid and heavily traded market with over £5 trillion traded daily. The Forex market is decentralized, meaning there is no central location where trades are conducted, rather, Forex trading is conducted over the counter (OTC).

OIL & GAS

The energy resources area is one of the fundamental elements of the activities where Block Shares subsidiaries are involved. Today our subdivisions are occupied with trading, exploring, extracting, refining, transporting (using pipelines and oil tankers), and subsequently marketing oil and gas products.

METaverse

THE NEXT TECH
REVOLUTION

 **METaverse**

Investing in meta-verse cryptocurrencies is challenging because it's hard to know which platform will ultimately be the most adopted one. They're not all the same, so meticulous research needs to be done before investing which is why we have expert meta-verse team.

Components of our success

Top Talent

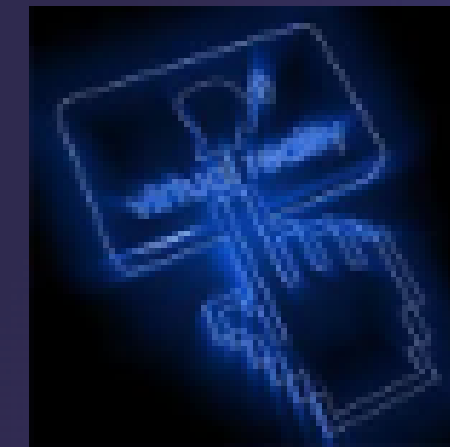

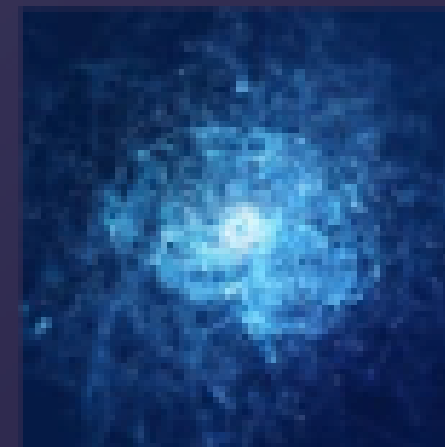

Block Shares take extraordinary measures to have exceptional people in every seat. We ask whether each candidate will raise the average on the team before making an offer. We cast a wide net, to attract candidates from every background, focusing on both skill and culture alignment. We actively coach and develop. Unremarkable performance gets a generous severance package.

Customer Focus

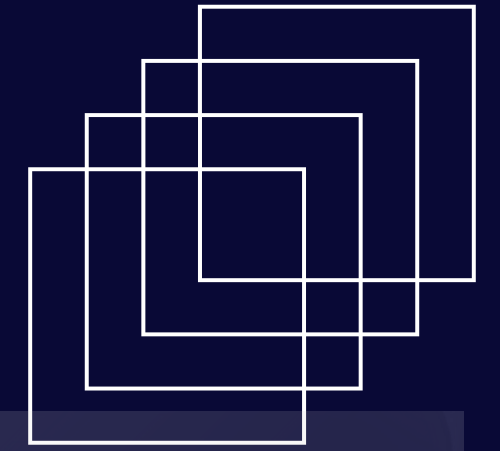

We are deeply focused on solving our customers' problems with technology, by enabling them to acquire, store, and use crypto. We strive to be the easiest-to-use, most trusted, and most secure platform. In every decision we make, we ask, "How does this create more value for our customers?"

Mission first

Our mission is ambitious and important. We don't engage in social or political activism that is unrelated to our mission while at work. We seek to make the workplace a refuge from division, so we can stay focused on making progress toward the mission.

Components of our success

Repeatable innovation

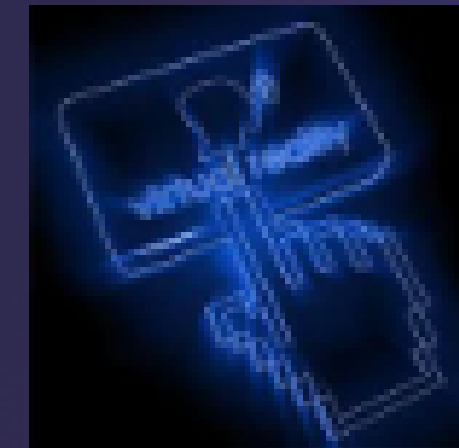

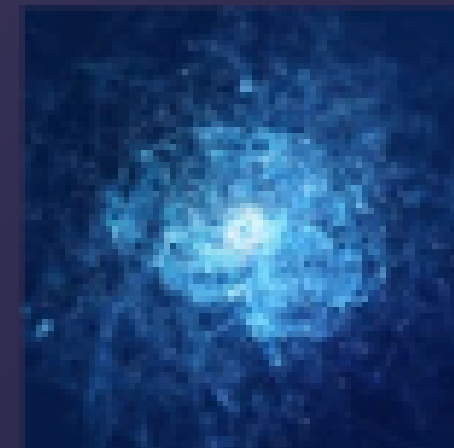

We are builders, leveraging technology to improve the world, constantly shipping ideas vs. just discussing them. We know that companies must continually reinvent themselves to avoid stagnation. We have a high tolerance for failure, investing 10% of our resources in venture bets that are uncomfortably ambitious.

Positive energy

We are optimistic about the future and determined to get there. We co-create solutions instead of choosing blame and criticism. We create moments of play at work.

24/7 Support

Block Shares's highly skilled professionals are always ready to assist you whenever the need arises. Our clients can expect a personalized approach to resolving any issues related to our collaboration.

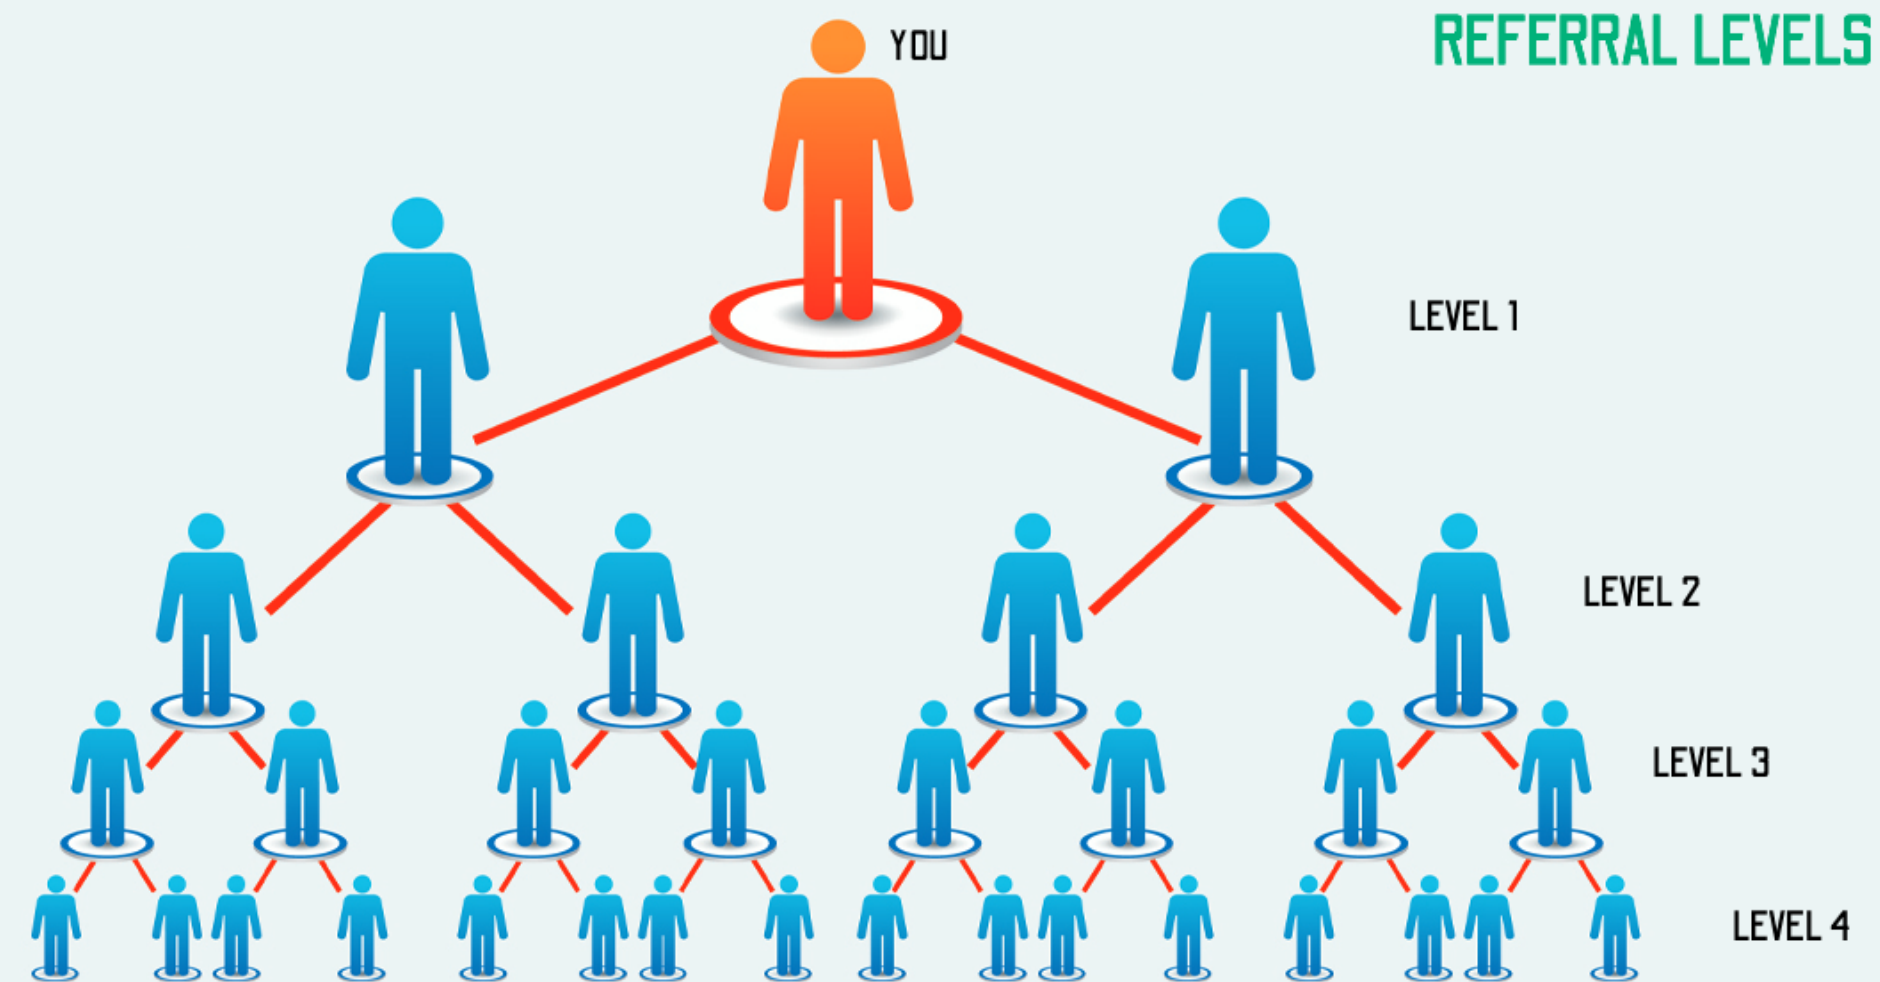

PARTNERSHIP PROGRAM

When you open a Block Shares account through a referral link, the sponsor may receive a referral marketing fee of up to 5% as compensation. Please note that any information about MX Finance is for informational purposes only and should not be viewed as a solicitation or advertisement.

BLOCK SHARES ROADMAP

Block Shares began in 2012 with eight people in a single room who shared a determination to put clients' needs and interests first. Our founders believed they could manage assets in a way that was better for their clients – by utilizing their passion for understanding and managing risk. This is the way the firm continues to be managed today.

Block Shares makes its Initial Public Offering on the New York Stock Exchange on October 1st, for \$14 a share. By the end of that year, the firm had \$165 billion in assets under management due to its strengthening relationships with global institutions.

Recognizing the opportunity to bring transparency, scale and innovation to risk management for the broader industry, Block Shares begins to sell its proprietary technology, Aladdin. This technology, integral to who we are as a firm, is embedded in everything we do, thus differentiating us as an investment and risk manager.

BLOCK SHARES ROADMAP

2020

Block Shares launches its first AI Lab in Palo Alto to accelerate its use of artificial intelligence and associated disciplines – machine learning, data science, natural language processing – to improve investing outcomes and drive progress for investors, clients and the firm.

2021

Block Shares acquires Lutex Global becoming the world's largest asset manager,. With this acquisition, Block Shares makes the unprecedented move of bringing alpha and index strategies under one roof

2021

Block Shares receives ISO 27001 certification for data security, earning "world class" status for a zero-defect audit from the International Organization for Standards in Geneva, Switzerland

BLOCK SHARES ROADMAP

2021

Block Shares launched its highly anticipated Android app. This cutting-edge app offers users access to a diverse range of investment opportunities across various sectors

2022

Block Shares announced the launch of its latest product - a property listing platform designed to connect investors with real estate opportunities across various sectors.

2022
